

Kodak PracticeWorks

Practice Management Software Add-on Modules

More options mean greater flexibility.

Additional modules are available to help meet the specific needs of practices of almost any size. These practice enhancing tools can help bring even greater efficiency to your practice, allowing you to focus on what really matters – providing quality patient care.

KODAK PRACTICEWORKS Charting Module

- Vital patient information at your fingertips
- No more searching through charts – access everything right on your screen in a tab layout

KODAK PRACTICEWORKS Practice ToGo Module

- Review your appointments, night calls list and referral list with this module and hand-held computing device
- Stay in touch with your patients

KODAK PRACTICEWORKS Image Integration Module

- Capture digital images and import those images directly into the patient's chart
- View complete patient history with all the information you need in one convenient place

KODAK PRACTICEWORKS Third Party Integration Module

- Access images and information captured with leading third-party software or imaging devices
- Extend the versatility of your practice management software

Call 800.944.6365 to take advantage of the practice enhancing tools available with PracticeWorks software. For more information visit www.kodakdental.com.
